ER ATC 154a — Basic air-ground datalink communications service derived from the CM and CPDLC applications

Datalink services complementing voice communications (but not replacing them) and comprising the message sets supporting a wide variety of existing applications in the short-term period used in En-Route (airspace of applicability above FL285):
DLIC - Data Link Initiation Capability (Logon and Contact)
ACM - ATC Communications Management
ACL - ATC Clearances
AMC - ATC Microphone Check
