

SAF10 — Implement measures to reduce the risk to aircraft operations caused by airspace infringements

Involved aviation stakeholders should implement measures to reduce the risk to aircraft operations caused by airspace infringements. Airspace infringement occurrences include: unauthorised penetration of controlled airspace (ICAO classes A to E), restricted airspace (Temporary Reserved Airspaces, Prohibited, Restricted and Danger Areas) and Aerodrome Traffic Zones.

This work is conducted under the auspices of the PC-approved EUROCONTROL European Safety Programme for ATM Plus (ESP+) which seeks to facilitate safety management support in the deployments required by ATM Master Plan IP1, and to ensure that safety approaches are formalised and fully prepared to accommodate future ATM systems. As such, implementation of SAF10 acts as a bridge between current ATM operations and those foreseen from 2015.

NOTE FOR MILITARY AUTHORITIES: It is the responsibility of each Military Authority to review this Objective IN ITS ENTIRETY and address each of the SLoAs that the Military Authority considers RELEVANT for itself. This has to be done on top and above of the review of "MIL" SLoAs which identify actions EXCLUSIVE to MIL Authorities.

Edition	2022
Stakeholders	Regulator / Air Navigation Service Provider / Military / Airspace Users
Type	SESAR
Scope	ECAC
Status	Removed

Deployment Programme 2022

-

Operating Environments

Terminal Airspace

En-Route

Expected Performance Benefits

Safety	Significant due to the reduction of a major key risk to aircraft operations.
Capacity	Increased through reduction in controller workload caused by airspace infringements.
Operational efficiency	-
Cost efficiency	Significant: <ul style="list-style-type: none">- Significant reduction of the risk of accident/serious incident;- Reduced fuel burn caused by arrivals delay or hold;- Reduced negative financial impact on airport and aircraft operators caused by departure and arrival delays.
Environment	Moderate resulting from reduction in extra fuel burn and noise caused by flights' deviation from arrival route, delays or holdings.
Security	N/A

Stakeholder Lines of Action

Code	Title	From	By	Related Enablers
REG01	Promulgate and verify the implementation of the European Action Plan - Airspace Infringement Risk Reduction	DELETED		
REG02	Implement the appropriate parts of the European Action Plan - Airspace Infringement Risk Reduction	01-06-2008	31-12-2011	
REG03	Monitor the implementation of planned airspace infringement risk reduction measures	01-06-2008	31-12-2011	
ASP01	Implement the appropriate parts of the European Action Plan - Airspace Infringement Risk Reduction	01-01-2006	31-12-2011	
MIL01	Implement, as necessary, the appropriate parts of the European Action Plan - Airspace Infringement Risk Reduction	01-06-2008	31-12-2011	
USE01	Implement the appropriate parts of the European Action Plan - Airspace Infringement Risk Reduction	01-06-2008	31-12-2011
